VALUE
PREMIER LABS
Quality Verified | Confidence Assured

Value Ingredients along with its subsidiaries Nature log organics and Value Premier labs offers a fully digitised and transparent supply chain for spice ingredients. We are among the largest processors of pesticide residue free and certified organic spice ingredients out of India.

Our vision is to be the most preferred provider of innovative spice ingredients to global food manufacturers and spice brands. We will achieve this through our founding principles of “People, Innovation, Value and Sustainability”. We are a company promoted by 2 first generation spice industry professionals with decades of experience in international spice ingredients market.
